

GLOBAL CUSTOMER EOL NOTIFICATION

EOL Number:	EOLRD3210064
-------------	--------------

EOL Notification Date	8/11/2021
Submitter's Name	Rogelio dela Rosa
Submitter's Contact Details	rogelio.delarosa@psbel.com
EOL Number	EOLRD3210064
Description	PN VRP4-80A1AXX (listed below) will have to be changed from "Acitve" to "Obsolete" in the systen after the EOL proposal is approve by custmer.
Reason	The main component PN ISL6605IRZ-T (Bel PN 0305-1702-02) of the Bel product VRP4-80A1AQG has been declared EOL by the supplier Renesas. Bel engineering team also confirmed no alternate part that could be readily available in the maarket as replacement. In view of business and finance of this product, Bel has decided not to re-design the product that at the same time the existing PN will be declared as EOL.
Last Time Buy Date	Since supplier Renesas raised the LTB to 25 Decmber 2021, Bel team is now gathering all order information from customer for final production schedule.
Last Time Ship Date	No specific, but has to be based on LTB and the availability of the component ahead of time.
Old Datasheet	Data would still be available in Bel Fuse official site and its authorized distributor.
Recommended Replacement	No specific replacement PN.
Recommended Replacement Description	NA
