

Assembly Instructions

1) Strip the cable to the dimensions shown. Take care not to nick the centre conductor or braid.

A = 7mm
B = 4mm
C = 3mm

2) Slide the clamp nut, washer and grommet over the cable. Place the taper clamp over the braid and push back against the cable jacket. Pull the braid back over the taper clamp and trim level with the rear as shown.

3) Insert the cable and parts into the connector body. Tighten the clamp nut using the appropriate wrenches. Solder the centre conductor and screw in the cap
