

# Stewart Connector

## M5 Series

### Connectors and Cable Assemblies

M5 connectors and cables are the smallest and lightest of the M Series and are ideal for sensor and many other applications where a compact, versatile, and rugged connector solution is needed to deliver a secure and seamless signal transfer.

This product line is IP67 rated when installed, adding to the reliable nature of these connectors in harsh environments.

#### Features & Benefits

- Water Resistance IP67
- A-Code, 4 Positions
- PUR Cable Jacket

#### Applications

- Harsh Environments
- Wet Environments
- Industrial
- Sensors and security
- Other applications with extreme space limitations
