**EOL / LTB for YNL series**

Dear End-Customer or Sales Channel Partner,

As part of our product lifecycle management process, Bel Power Solutions & Protection provides notification when a product has reached End-Of-Life (EOL) status. EOL decisions are based on our review of material availability, historical unit shipment volume and product revenue performance. Products designated for End-Of-Life may be available for a last time buy purchase prior to being made obsolete. The products identified for inclusion into our Last Time Buy Program are listed within this document. Also shown are other family products previously made EOL. The YNL series will no longer be available to manufacture.

No Last Time Buy orders accepted (but some models may be in stock at distributors).  
Last Time Shipments dependent on existing stock availability.

Alternatives may be available for different applications, please contact a Bel FAE for assistance.

We would also like to take this opportunity to thank you for your business in the past and to assure you that everything we do is aimed at becoming your power supply partner of choice in the future.

Yours faithfully

Dara Crowe  
Product Manager  
Bel Power Solutions
